

Titanic...The Sinking of the Unsinkable: The Terrible Truth Behind the Tragedy that Shocked the World

Why Buy This Book? A hundred years after it sank on its maiden voyage, the Titanic continues to fascinate people around the world. This book tells you the inside story of this mighty ship, its epic journey and its tragic demise. Rave Reviews A hundred years on, and it's still a big story. I found this a fascinating real human tragedy, so sad but also very interesting. It's amazing how many things had to go wrong in combination for the ship to sink. This book details all the events, and shows you how stupid this tragedy was. A good book that gets right into the detail of the story. What a shame that so many lives were lost due to bad planning and stupid mistakes. This is a detailed account of the whole episode, from the building of the ship, to what happened when it went down, through to the finding of the wreck and more. A good read all round. This is interesting. I found there were a lot of things I didn't know about. It goes well beyond the story of the movie to tell you the truth behind what happened. Very sad, though. What's Inside This book digs beneath the surface to tell you the whole story of the Titanic disaster. You will discover a whole host of amazing - and sometimes shocking - facts, including: The forgotten item that doomed Titanic to a grim appointment with an iceberg Why the helmsmen steered the Titanic into the iceberg instead of away from it How the language you spoke could mean the difference between life and death Why the crew started firing guns at passengers Why most first-class passengers survived while most third-class passengers died How the moon helped to sink the Titanic Why a nearby ship failed to come to the rescue Why the Titanic didn't have enough lifeboats...and much more. Table Of Contents Chapter 1 - The Legacy of Titanic Lives On Chapter 2 - Whos The Fairest Of Them All? Chapter 3 - First-Class, Second-Class, and Steerage Accommodations Chapter 4 - Meet The

Captain, The Crew, And The Passengers Of The Ship
