

## Natural Beauty Secrets: Some Domestic Some Store Bought

We approach beauty from a professional & scientific view point and a background in Fashion & Clothing to bring about beauty the healthiest way possible. Learn how to easily take years of aging signs off of your face, neck and throat, reduce wrinkles while stopping them from coming back. You can do it domestically right out of your kitchen cabinet or you can buy it already made for you by some of the worlds best facial product designers. Learn what to do to prevent wrinkles and learn what causes them. Never use products that contain alcohol (ethanol), mineral oil or ammonia (sodium laureth sulphate) that come in products disguised by other scientific names and do more harm then good. All beauty tips can be used to face, neck and throat areas.
