

## Unleash the Storm (Steel & Stone) (Volume 5)

Piper and Ashs story concludes in the fifth and final installment of the Steel & Stone series. Piper thought she could handle the Sahar, the most powerful magical weapon in existence. She thought she could protect her loved ones and stop a war. She thought she could make a difference. She was wrong, and her mistakes were paid for in blood. Leaving her world and her failures behind, she retreats to the Underworld with Ash and the other draconians. They forge deep into long abandoned mountains, the first draconians to fly the valleys and passes in centuries or so they thought. Until now, Ashs mysterious heritage has been nothing but a name, but his presence does not go unnoticed. A new danger stalks him, one that may be even greater than what they escaped. Cut off from the power shed come to rely on and lost in a world where she doesnt belong, Piper has never felt so hopeless. But she must find her strength, and find it quickly, before she loses Ash to an ancient power he cant fight, before her home is devastated by the daemon war, and before her mind, body, and soul are consumed by the Sahars insidious magic.
