

The 2-Ingredient Dessert Cookbook: All the recipes have only 2 ingredients!

As I have said before, I hate to cook. I really, really do. You work yourself to death getting it ready, and the whole thing is over in 15 minutes. If you've already seen my 2 Ingredient Cookbook (not desserts), then you know how happy I was when I discovered that there are actually real dishes that you can make with only TWO ingredients! Having fewer ingredients means spending less time in the kitchen! Imagine my joy! Once I finished that book, I became determined to find some 2-ingredient desserts. And here they are! Like the recipes in my other 2-Ingredient book, all of these have only two, uh, too. A few almost cheat by offering some extra optional ingredients, but the rule is, the basic recipe has to be two ingredients. How cool is that?! So once again, unless you're Julia Child or Rachel Ray, and you actually love staying in the kitchen and cooking, you're going to love this second book of tricks and genius.
