

The River

STEM CELL RESEARCH, CLONING, AND WORLD DOMINATION--WITH A TWIST... The South Nahanni River area of Canadas Northwest Territories has a history of mysterious deaths, disappearances and headless corpses, but it may also hold the key to humanitys survival?or its destruction. Del thought her father was long dead. But someone from her past says otherwise. Now she and a group of near strangers embark on a perilous mission... Seven years ago, Del Hawthornes father and three of his friends disappeared near the Nahanni River and were presumed dead. When one of the missing men stumbles onto the University grounds, alive but barely recognizable and aging before her eyes, Del is shocked. Especially when the man tells her something inconceivable. Her father is still alive! Gathering a group of volunteers, Del travels to the Nahanni River to rescue her father. There, she finds a secret river that plunges her into a technologically advanced world of nanobots and painful serums. Del uncovers a conspiracy of unimaginable horror, a plot that threatens to destroy us all. Will humanity be sacrificed for the taste of eternal life? At what point have we become...God?
