

## Green Lantern Vol. 1: No Fear

The greatest Green Lantern of them all is back. Hal Jordan has been resurrected and redeemed. Now it is time to get on with his life as Green Lantern, protector of sector 2814. But even as he returns to the skies as an Air Force pilot, Jordan faces new threats from his old foes. The deadly Manhunter androids and the mutated Shark return with shocking violence yet they are just the precursors to even greater dangers. A Maddened Black Hand embarks on a murderous rampage just as Hal finds himself the object of an alien race's insidious plan to harvest humans as living weapons of war. Hal Jordan is back but being tested in ways he never could have imagined. This volume collects Green Lantern issues #1-6 and Green Lantern: Secret Files and Origins.
