

The Choring Of The Trees (Stay More series)

A rape and a wrongful condemnation--a novel based on a true story. In Arkansas, 1914, a 13-year-old girl is raped in the backwoods of the Ozarks. On her testimony, a young mountaineer is convicted and sentenced to the electric chair. With his celebrated storytellers art, Donald Harington has created a work rich in drama, passion, and texture, unforgettably bringing to life his characters, place, and era.
