

The FIFA World Cup: A Fascinating Book Containing World Cup Facts, Trivia, Images & Memory Recall Quiz: Suitable for Adults & Children (Matthew Harper)

Hi and a very warm welcome to The FIFA World Cup. A Fascinating Book Containing World Cup Facts, Trivia, Images & Memory Recall Quiz: Suitable for Adults & Children. Im one of those people who loves to hear about extraordinary facts or trivia about anything. They seem to be one of the few things my memory can actually recall. Im not sure if its to do with the shock or the WoW factor but for some reason my brain seems to store it for a later date. Ive always been a great believer in that whatever the subject, if a good teacher can inspire you and hold your attention, then youll learn! Now Im not a teacher but the system Ive used in previous publications on Amazon seems to work well, particularly with children. This edition includes a selection of those WoW facts combined with some pretty awesome pictures, if I say so myself! At the end there is a short True or False quiz to check memory recall and to help cement some of the information included in the book. Dont worry though, its a bit of fun but at the same time, it helps to check understanding.

If youre an expert on this subject then its unlikely you will find anything new here but if, like me, you enjoy learning unusual facts with interesting pictures then I think youll love it. Let me know what you think using the Customer Review Page section. Feedback is crucial to any author but please remember that I do have feelings. Enjoy the show! Matt.
