

A Cup of Comfort for Families Touched by Alzheimers: Inspirational stories of unconditional love and support

Having a spouse, sibling, or parent with Alzheimers affects a family in every way possible and can leave people feeling like they have nowhere to turn. The moving stories in this new collection help readers recognize they are not alone and provide comfort for those who need it now more than ever. Readers will be inspired by the husbands, wives, sons, and daughters who put their own needs aside and sacrifice everything for love. This story collection shows how compassion and loyalty prevails when a loved one has Alzheimers.
