

## Outdone By Black Neighbors Son

I caught my hot newly wed wife with the hung black teenager while she thought I was at work. Instead of getting angry and breaking up with I found out about a fetish I never knew I had. This is a steamy 4,000+ word short story that you will not want to stop reading the second you start. Excerpt from the book: I circled back to the house about an hour later and I ended up camping down the street for about a half hour. This is crazy I thought, Im camping outside my own house trying to catch a teenager sleeping with my wife? Emily would never do that with me. I grabbed the keys I threw on the passengers seat and put them into the ignition. Jordans door flew open and I saw him walk down his stoop and in the direction of my house. I ducked down but I still saw him walk up my steps and then opened the door without knocking and walked right in. I took my hand off the keys in the ignition and dipped lower and smiled good thing I didnt leave. Then quickly realizing he shouldnt be getting any joy out of this and snapped out of it.
