

## A Paddlers Guide to Quetico and Beyond

Canoe countrys most up-to-date guide. Located west of Lake Superior on the Canada-U.S. border and known to countless thousands of paddlers simply as Canoe Country, Quetico Provincial Park is Ontarios second-largest wilderness park. It connects to the United States via the Boundary Waters Canoe Area, mainland Americas largest protected tract of wilderness. The area receives over 200,000 visitors a year. Kevin Callan is a renowned paddling personality, and his new book describes 10 of Queticos best trips, plus five adventurous excursions to destinations just beyond the parks boundaries. Trips range from weekend recreational paddles to 10-day multi-lake loops, and there is something for every skill level. All route maps are original and up to date, correcting many of the common errors found in other publications. One could spend a lifetime paddling the waters of Quetico Provincial Park, with its more than 600 lakes and five major rivers. And with an average portage length of only 435 yards, its all about the paddling. (200812)
