

## A Sharia London

A forbidden love draws the Mafia into fighting Radical Islam. An affair between Marlon, a politically correct history teacher, and Jamila Khan, his young student, must be kept a secret. Jamila works covertly toward liberating women oppressed by radical Islamism. As Marlon awakens to the dark underbelly of orthodox Islam, a turn of events leads to Marlon becoming a fugitive charged with murder. Jamila's testimony can free him, but her eyewitness account could incur a death fatwa from the Islamic orthodoxy. Marlon won't let her risk herself. Hunted by Scotland Yard, and betrayed by England, Marlon must now work with the men he once loathed: his Sicilian uncles. Jamila's life, and his, depend on it.
