

Airway Management: Student Guide

Designed for use by students before, during, and after the Airway Management Course. The text is 8 1/2 x 11 and approximately 40 pages. It contains colorful illustrations of airway anatomy and airway skills. The guide also contains critical skills action checklists for the 5 Airway Modules (Bag-Mask Ventillation, Airway Adjuncts, Laryngeal Mask Airway, Esophageal-Tracheal Combitube, and Endotracheal Tube and Impedance Threshold Device)
