

Complete Guide to Alzheimers Proofing Your Home

Written by a practicing architect and gerontologist, *The Complete Guide to Alzheimers-Proofing Your Home* shows you how to create a home environment that will help you cope with the many difficulties associated with Alzheimers. This unique book is divided into two sections to provide the most thorough coverage available. Section One deals with interior and exterior spaces individually, providing key information on how to ensure that the Alzheimers patient will be safe and secure. Section Two gives a detailed list of potential problems related to Alzheimers and practical information on how to cope with those problems in the home setting.
