

## An Evening with Johnners

Reminiscing about his long life and career at the BBC, Brian talks about many of the diverse occasions and programmes with which he was involved - He also indulges in his well-known love of (rather bad) jokes and puns. In this revised edition of An Evening with Johnners, which contains previously unreleased material, the sheer warmth of Brians personality comes across to the listener, and it is virtually impossible not to feel at one with the members of the highly appreciative theatre audience.
