

Assassins Creed IV Black Flag: Blackbeard: The Lost Journal

Delve into the world of Ubisoft's latest installment in the acclaimed Assassin's Creed series with this fascinating glimpse of one of history's most storied legends: Edward Thatch, otherwise known as the infamous pirate captain Blackbeard. Few moments in history have proven as timelessly fascinating as the lawless Golden Age of Piracy, which was largely played out in the Caribbean of the sixteenth and early seventeenth centuries. In this time of rebellion, fortune, intrigue, and adventure, Blackbeard stands as one of the most fearsome captains to have ever sailed the seas. Now, as the latest historical figure to take center stage in the Assassin's Creed franchise, Blackbeard joins the ranks of Edward Kenway, father of Haytham Kenway and grandfather of Connor; they navigate troubled island waters and carve out their destinies. Thoughtfully crafted to resemble an authentic pirate artifact, this illustrated journal delivers a unique insider's view into the world of the game through fascinating entries that provide a firsthand account of the day-to-day lives of the characters. This one-of-a-kind graphic novel featuring beautifully etched illustrations and portraits, a wanted poster, removable Letter of Marque, torn pages ripped out by Blackbeard himself, and more brings the bold worlds of Blackbeard and Kenway strikingly to life.
