

Attack of the 50-Ft. Cupid (Franny K. Stein, Mad Scientist)

Frannys mom says every mad scientist needs a lab assistant. So for Valentines Day Franny gets just that -- a Lab assistant. Except Igor isnt a pure Lab. Hes also part poodle, part Chihuahua, part beagle, part spaniel, part shepherd -- and all thumbs. Franny is fuming. She doesnt even need an assistant. Whats she supposed to do with a good-for-nothing one like Igor? And things get even worse when a giant, fifty-foot, arrow-shooting cupid starts causing trouble all over town. Franny knows its up to her -- and only her -- to save the day. Or is it?
