

Baby Bargains: Secrets to Saving 20% to 50% on Baby Furniture, Equipment, Clothes, Toys, Maternity Wear, and Much, Much More!

One of the thorniest questions new parents ask themselves is how they are ever going to pay for baby expenses. With the average cost of a baby topping \$6,000 for the first year alone, expectant moms and dads need all the creative solutions and cost-cutting ideas they can find. Baby Bargains is the answer. The book lists great deals and money-saving strategies for a wide variety of must-have items, from maternity wear, baby clothes, and diapers to furniture, bedding, and toys. Extensive charts allow parents to compare and contrast name-brand cribs, strollers, high chairs, child safety seats, baby monitors, and more. Now in its sixth edition, the book has been completely revised and updated to include website addresses for all major baby product manufacturers, reviews of parenting websites, and listings for mail-order catalogs and outlet stores. Additionally, the book offers important safety tips for affordably baby-proofing the home.
