

Bad Boys and Naughty Girls

Five tales of love on the dark side of the law. Bikers with no regard for anyone, drug dealers willing to kill, dirty cops who take what they want, and pirates; the ones who started it all. Claire Westwood just wanted a story for the local paper, but when an ex-biker tries to get revenge, she gets pulled into something much more dangerous. The handsome and brave Axel protects her, and her lust takes over. Autumn Strong is the newest deputy, but a dirty biker messes with her anyway. There's always a consequence. Portia is the ship's girl aboard the Dark Sunset, a pirate ship on the high seas. Her job is to keep morale high by any means necessary. Sherri and Beth work undercover and try to infiltrate a dangerous drug ring at a local high school. They need to get information, and the only way they can is to trade their bodies. Anything for the job... When Cassie speeds on the way to work, she gets pulled over. The cop wants more than safe roads; he wants her. She's powerless to stop him. Warning: This 30,000 word collection is intended for mature audiences only. It contains graphic descriptions of threesomes, rough sex, bad boys, BDSM, and more. Buyer beware...
