

Being a Homemaker/Home Health Aide

Covering everything from the fundamentals of anatomy and physiology to postpartum care, this book offers well-organized chapter, easy-to-follow narrative, step-by-step procedures, and many concept-supporting illustrations. Explores such areas as corporate compliance, patient satisfaction, and cultural competencies. Also updates/expands sections on identifying abuse, and incorporating standard precautions into all activities. For home health care professionals seeking a refresher and reference book.
