NUMBER OF FRANKO MAPS CARDS INCLUDED: 2 NEW PROVIDENCE The capital city of The Bahamas is Nassau, which is on the east side of 21-mile long New Providence. It has a natural harbour which is sheltered by 3-mile long Paradise Island. This harbour was the center attraction of settlers in the late 1600s. Nassau has fortresses, mansions, cathedrals and churches. Natives of Nassau are locally called Nassuvians. Paradise Island was once called Hogg Island. Now it is exclusively built up for the enjoyment of tourists, with fabulous resorts, a famous aquarium, a golf course, restaurants, shops and a casino. We provide dive sites names with short descriptions and pictures of the coral reef creatures that are hyperlinked to Wikipedia for more information. The electronic version of this Franko Maps card works on multiple electronic devices including PC, MAC, iPad, iPad Mini, iPhone, Android tablet, Android Phone, Kindle Fire and Chrome OS. The cards are designed for the person on the go. They are fully downloadable to our Flux Player. 3D Action Video has taken the Franko Maps cards (digital edition) to a new level. We added text, hyperlinks and other value adds to provide you on the go access to these great products available for viewing on a multitude of electronic devices. You can zoom in on the pages for easier reading. We also took the text such as dive site and surf site descriptions and made separate pages for easier reading.
