

The Survival Game

After a fight with his father, Burl runs away into the frozen Canadian wilderness, where he stumbles across the lonely camp of an eccentric composer, who offers him a place to stay. But Burls father is after him and soon Burl is dragged back into his dangerous games. Just about everything you could want from a book ... its beautifully written, its a page-turner and its a story which stays with you after the last page. - Publishing News Shortlisted for the Wirral Paperback of the Year Award 2007 and the Guardian Childrens Book Award 2006
