

Blood Descent (Book Three of the Blood Hunters Series 3)

A child is born...into the final showdown of Vampire and Hunter. The face of a killer, the heart of a lost child Konrad once led the legendary first team of Hungarian vampire hunters. Now, refusing to ally with the undead, he goes his own way, slaughtering vampires across the length and breadth of Europe. The dying thoughts of one such vampire send Konrad to Britain in search of a dangerous instrument that might be just what he needs in his obsessive war with undead overlord Saloman a war hes determined to win at any cost. The only being who can lead him to the instrument and its current, evil possessor, is sexy, mysterious, young Glaswegian vampire Maggie, who holds herself aloof from her own kind. Maggie sees much more than Konrads anger and cruelty. She makes it her mission to reach beyond the horrors of his past and find the man he should have been. Difficult, when he threatens her heart as well as everything she believes in; and when her whole being clamors for his body and his blood. While journalists circle, about to break the news of vampire existence on mainstream television, Elizabeth Silk labors to give birth to Salomans daughter, and Maggie plays a dangerous game that risks everyone for her belief in one troubled man.
