

Sharklock Bones: Dolphin Tails (Sharklock Bones Fish Detective Book 8)

Sharklock Bones: Dolphin Tails is the eighth in the ongoing series, Sharklock Bones, about a talking fish detective and his trusty sidekick, Dr. Flotsam. Together, this dynamic duo somehow manage to solve mysteries and stumble in and out of zany adventures. Their home base is Fishtown, a metropolitan undersea city; full of talking fish and animals. In this episode, our detective, Bones, is approached by his arch-enemy, the insidious Dr. Devious Dolphin, to locate his brother and help stop him from turning to a life of crime. Along the way, the team of Bones and Flotsam attend a convention of dolphins, listen to the Unknown Dolphin reel off dozens of jokes and puns, go to the Okra Whinfrey Show and find out the real reason behind the plea from Devious. Anyone familiar with the series will expect to find a trick ending as well as hundreds of wordplays, puns and jokes in these books targeted toward tweens, but enjoyed by kids eight to eighty. Dolphin Tails is written in screenplay fashion like all the tails to encourage interaction among readers. Have fun! Swim on in!
