

## Godfather of Night: A Greek Mafia Father, a Drug Runner Son, and an Unexpected Shot at Redemption

What if you belonged nowhere and to no one? What if you learned as a teenager that the father who had mistreated you for years wasn't your father at all - and that you were actually born to the mistress of a Greek gangster? And what if the only way to connect with your real father was to become his fiercest rival? Kevin Cunningham grew up in Tarpon Springs, Florida, just another kid from the wrong side of the tracks. But from his first days, Kevin gravitated toward power, and in Tarpon Springs that meant local crime boss Lukie Pappas. As a boy, Kevin hung out at the Pappas Restaurant, and he saw how the townspeople approached Lukie. How they respected him. How they came to him for help. How they called him *nounos* - Greek for godfather. From the shadows, Kevin admired it all. When he turned 17, Kevin's world flipped upside down. His dying father confessed that Kevin was the son of another man - and not just any man. He was the son of Lukie Pappas. Suddenly, Kevin's destiny was clear. His lineage became his fate. His rightful place was beside the Greek godfather who ruled his hometown. But Lukie coldly rejected him, as both a son and a colleague. Fueled by rage and pride, Kevin claimed the Pappas name as his own and embarked on his own criminal enterprise. From two-bit swindling he rose quickly to high-stakes drug trafficking. Money laundering, gunrunning, and racketeering polished his underworld resume, even as they placed him squarely in the crosshairs of every federal agency with three initials and a most-wanted list. Kevin Pappas's story is a true-crime epic for a new generation of wiseguys - full of the harrowing war stories and hard-won wisdom of a man who lived by his own rules, broke everyone else's, and dared the world to try to stop him.
