

# Their Reluctant Submissive [Knights in Black Leather 1] (Siren Publishing Menage Everlasting)

[Siren Menage Everlasting: Erotic Consensual BDSM Menage a Trois Romance, M/F/M, spanking, flogging, whipping, sex toys, HEA] Jackson and Marx have their eye on Kelly as their new submissive. Funny, she doesn't remember applying for the position. She's had enough of the BDSM lifestyle, but Jackson and Marx aren't taking no for an answer. Is love enough to change her mind, or will it make things worse? Marx and Jackson aren't looking for a full-time submissive. They want someone who can think for themselves, but let them lead in the bedroom. They believe that Kelly is that woman. They set out to court her and show her they aren't asking for all that much. Kelly desperately wants to believe them, but her experience is that one thing leads to another and before you know it, you're bound hand and foot. She doesn't want to be someone's possession anymore. She wants the real thing love and the freedom to share it with her man, or is that men? \*\* A Siren Erotic Romance
