

## Bound in Blue (Love Square Book 3)

**\*\*Can be read as a standalone.\*\*** Strong ties aren't easily broken... First loves have the ability to fill us with hope and then shatter us when they end. Some people can pick up the pieces and move on. Others simply learn how to exist as a fragment of the person that they used to be. Shane Mack MacAllister is one of the ones simply existing. His wife Ella died at a young age, leaving him alone and broken. Shane knew he'd never be able to give himself to another, believing there was nothing left to give. That is until a young, feisty doctor blazed into his life and made him rethink letting someone into what's left of his tattered heart. Dr. Megan Huntley has devoted her life to taking care of others, ever since her twin sister was brutally murdered. She might not have been able to save her sister, but she has made it her mission to help other victims. Long hours in the Emergency Room and volunteer work at the Rape Crisis Center leave little time for relationships. When Megan meets the rugged and handsome Shane MacAllister, she decides to throw caution to the wind and take the police detective for a ride. Too bad she can't get him out of her head or her life. Will Shane and Megan be bound together by true love? Or will past loves and tragedy tear them apart?
