

## Two Truths and a Lie

Dair Canard has made up tales since she was a child. Now, as an adult, she finds herself lying at the slightest provocation. She has established herself as an actress and bonded with her husband, Peyton, on the premise of her greatest lie ever -- a fictitious twin sister who died at the age of 10. But Dair now finds herself at a point in her life where her lies threaten to avalanche. The mysterious death of a dear friend, the divorce of her parents, her own drinking problem, and the strain of deceiving Peyton all finally collide. As she struggles to get her life back on track, Dair learns the truth about her friends death...and all her lies come tumbling down to unveil a few basic truths, one of which is that each of us has something to hide.
