

The Tenth Life of Mr. Whiskers

Mr. Whiskers is deadmuertoshuffled off his mortal coil. All Laney had to do was watch the store and feed the cat. Too bad she hadnt known there was a cat. She has a plan, though. An obscure spell contains the power to grant life, only long enough to save her job, and her vacation in Paris. Just because she botches the simplest of spells doesnt mean she cant control complicated magic, right? The mysterious new guy at school, Kody, goes along for the ride; providing emotional support and, well, lets be honest, hes just hot. After struggling through the spellwhen nothing seems to be going rightthey find that giving Mr. Whiskers a tenth life turns out to be more than they bargained for.
