

## Warriors: I Bring the Fire Series, Book 5

When science meets Chaos, what could go wrong? Bohdi Patel is keeping the revelation that he is Chaos incarnate a secret - and handling the revelation about as well as one would expect. Hes in a downward spiral: losing his lease, totaling his car, and trying to keep everyone he cares about at arms length. Veterinarian Amy Lewis is wondering what happened to the funny, flirty, curious Bohdi she knew in the land of the Norns. Hes become moody and sometimes cruel. She is definitely glad that she didnt become romantically entangled with him...most of the time. When tragedy strikes Amys beloved mutt, Fenrir, and Odin strikes Bohdis best friend, Steve, Amy and Bohdi have to work together again. Amys knowledge of science, Bohdis talent for theft, and both of their survival skills are put to the test. But more than Steve and Fenrirs lives are at stake. Amy and Bohdi may unlock the key that saves mankind from the gods - or bring about the apocalypse.
