

Scorched Heart (Tales of the Citadel Book 25)

Winera showed her talent as a Scorcher in a spectacular first display of heat and destruction. The Citadel welcomed her with open arms. Years after joining the Citadel, she is finally a full-fledged Scorcher and ready for her first official mission with a member of the Sector Guard. She had no idea that she was getting more than just a partner when a bundle of feathery fluff claims her as his own, much to her new partners amusement.

Hyl has been waiting for the matchmaker to find him a partner that he can do more than go into battle with. One look at Winera and he knows that this fiery woman could set his senses ablaze. Smudge is a Yaluthu who has been patiently waiting for his person. When he sees the woman of fire, he knows she is the one that he is destined to be with, and he flings himself into her arms. Lets not talk about the ship. She has too much attitude.
