

## The Merman of My Dreams (paranormal mermaid erotica romance)

Heartbroken and single, Eva takes a solitary trip to a Mexican resort to recharge her batteries, where somehow her recurring merman sex dreams come to life! When it becomes clear that the merman wants more than just sex from his human lover, Eva must decide whether she's ready to open her heart again. **WARNING:** This 6,000 word story contains mature language and explicit sexuality, including intercourse between a merman and a human. Intended for readers 18 years of age and older. Excerpt: You're so beautiful, the merman said. I pushed my mouth against his. He responded immediately, parting his lips and invading me with his tongue. It all felt perfect, almost too good to be true, as he ravaged me. For some reason, this time I felt like I was on fire, burning for him. All my other dreams were dull in comparison to this one.

Please, I whispered. The fire burned and raged, kicking me into gear. I untied my bikini top and released it to the sea. I held my breasts in my hands, drawing his gaze downward. The merman lowered his face to my chest. He kissed the tops of my breasts like they were sacred offerings. He slipped his hands under mine and pressed his palms to my nipples, letting them harden against his skin. His mouth explored my mouth, the crevice of my neck and shoulders, my cleavage. His hands fell away from my body, and he sucked at each of my nipples, drawing gasps and moans out of me.
