

Cum to Me (Four Ever More Book 1)

Growing up on a frontier world is hard enough, but never being able to reach a climax without ending up halfway across the world is getting a little tiring. Pelly has been fighting a battle with her body for years and now even self stimulation sends her rocketing through folded space. Tamer, Zel and Marn have spent their lives abroad fighting wars for people who would never let them settle down. Only their fourth, their match, can complete their circle and let them start a family. Finding one cloned woman in the entire solar system is an impossible task, but when a woman from across the world ends up in their Law Offices, stark naked, a glimmer of hope stirs in all three.
