

Bastien (Hidden Breeds Book 1)

Trying to escape from her personal hell leads Carly to Bastien. Taking on a job as housekeeper, things rapidly are not what they seem around the Bastiens homestead. With wild animals coming in from the woods and her vicious ex-husband circling the front gate, Carly is desperate to find security and a feeling of calm. Bastien is an alpha wolf and knows her the moment he meets her on the most basic of levels. From scent to curves, Carly draws his attention and holds it when he should be concentrating on pack business. Just as he is starting to make his move they are separated by secret government lab dedicated to turning soldiers into shifters and Carly ends up in a cage left wondering if he is the one man who think she is worth rescuing.
