

Thales Folly

At the request of his father, New York City novelist Andrew Thale tackles an odd assignment--to check out an old family property in Massachusetts, neglected since Aunt Harriet Thales death years ago. But far from being deserted, Thales Folly, as Andrew discovers, is fully inhabited--by a quartet of charming squatters, former guests of kindhearted Harriet. There is elegant Miss LHommedieu, Gussie the witch, Leo the bibliophile, and beautiful Tarragon, who is unlike any girl Andrew has ever met in Manhattan. Andrew is entranced by these unworldly creatures and their simple life. Yet all is not well in Thales Folly. A thief breaks into the farmhouse, an old friend of the family disappears, and Andrew and Tarragon are drawn into mysteries they cannot fathom...
