

The Python Tutorial (2.7.5)

Python is an easy to learn, powerful programming language. It has efficient high-level data structures and a simple but effective approach to object-oriented programming. Python's elegant syntax and dynamic typing, together with its interpreted nature, make it an ideal language for scripting and rapid application development in many areas on most platforms. This ebook is an ebook re-package version of below document. <http://docs.python.org/2.7/tutorial/index.html>

PSF LICENSE AGREEMENT FOR PYTHON 2.7.5

This LICENSE AGREEMENT is between the Python Software Foundation (PSF), and the Individual or Organization (Licensee) accessing and otherwise using Python 2.7.5 software in source or binary form and its associated documentation.
