

Daisy Dooley Does Divorce

Men sleep with girls who wear black knickers, then marry girls who sport white. And you dont want him to marry you, do you? asked Jess, fixing me with a stare. I didnt dare admit that leaving Jamie hadnt put me off marriage - if anything it had made me even more determined to get my next marriage and underwear combo right...And so begins Daisy Dooley Does Divorce - the hilarious and often heartbreakingly honest account of a late thirty-somethings life after divorce. For Daisy - the alter ego of bestselling author, journalist and columnist Anna Pasternak - her divorce is a blessing in disguise and, like Bridget Jones before her, she is now looking for true love. From the euphoria of escaping from her brief and disastrous marriage through failed love affairs, to a passionate fling with a younger man via the flirtatious clutches of her best friends husband, Daisys diary of the highs and lows of life as a divorcee is an irresistible take on dating and makes for compulsive reading.
