

The Communists Daughter (Vintage Contemporaries)

The Communists Daughter is a sweeping novel of love and betrayal spanning the trenches of the Great War to the horrors of Spain and China. Norman Bethune was a visionary whose dedication touched millions. Rebelling in childhood against his fathers religion, he finds a calling himself, saving lives on the battlefield. In Republican Spain he fulfills his idealism, yet before long politics destroy his romance and drive him to seek refuge in China. Here, in service to a man eventually known as Mao Zedong, Bethune begins this account of his life and his cherished beliefs for the only person who still makes a future seem possible: the daughter he has never seen.
