

Teys White Wolf (Denver Pack Book 2)

In Book Two, Tey the Enforcer finds his mate and not is all, as it seems. It should be easy, meet mate, claim mate, live happily ever after. Someone is not going to let that happen. Jo is Camis childhood best friend and has no luck with love. Attacked and bitten she has no clue what the future holds, including whether she is going to change into a wolf. She only knows what her body is telling her, and that is Tey is the one for her. Many secrets will be revealed and new challenges discovered for this pack. They find there is way more than to the situation than meets the eye and soon they will have more people to find in order to save all of them. Warning: explicit language and sex scenes Set in the Rocky Mountains, The Denver Pack will have to work together to make things happen. This is a series of books but can be read as a standalone.
