Detox Juicing: Authentic Juicing Recipes For Weight Loss and Living Well Having a dream body is not only a purpose, but a way of living. What we have to understand is that being slim does not mean you have to starve neither does it deprive you of having a balanced way of living. We need to learn how to listen to our bodys needs. Important nutrients are within fruits and vegetables and we need them in order to have not only the perfect body we are dreaming of, but perfect health too. Cancer the eeriest disease of our time can be prevented or cured with some of the presents given by nature some of them grow in your garden and we do not even realize how important they are for our health. For years, scientists strived to develop a medicine that can cure serious or life-threatening diseases as cancer or diabetes, but none of them succeeded. Have you ever asked why? It is because our bodies do not need any chemicals in order to heal themselves, they need something pure, something as close to us as nature, something unprocessed that can be assimilated very quickly by our organism. In this book you will find the miracle of life: the secrets of the best juice and smoothie. Its up to you how do you want to drink your medicine: -with or without pulp. We recommend both types of drinks. Both are delicious, nutritive, with the entire complex of vitamins, minerals necessary for a healthy and balanced living lifestyle. Along with miraculous juice recipes, we have included, as a bonus, some smoothie recipes, accompanied by the benefits that they have for the human body. This is what you need for a perfect start in the morning. Forget about the sweets, baked food or other greasy bad foods juices give you everything that you need for all your activities every day!
