

Dont Judge M.E.

Many people are diagnosed each year with M.E. or Chronic Fatigue Syndrome. I have suffered from the condition for four years now and wanted to write an easy to read practical A - Z that will help you and your family/friends understand a very difficult invisible illness. M.E. devastates lives- this book is written from first hand experience after a lot of research and personal suffering. Dont be an M.E. suffererbe an M.E. fighter and most of all dont suffer alone.
