

Behind the wheel, racing champion Zander Donovan is at the top of his game. But after too much excess in his personal life, hes forced to step away. He needs to accomplish something all on his own-outside of his famous fathers shadow. Getty Caster is running away from the abuse that clouds her past. She thinks shes found the perfect escape-until she discovers a stranger in the beachside cottage shed been promised. Hes undeniably sexy, but shes there to heal. Alone. Before long, though, fighting with each other turns into fighting their attraction. And giving into desire sets off a chain reaction that has their pasts colliding. With an unexpected love on the line, can they overcome the fallout to build a future?
