

Born with a Question Mark in Your Heart continues the AUTHENTIC LIVING series by Osho with talks by the contemporary mystic during his stay in the United States. Osho says: It is fortunate that man is born with a question mark, otherwise he would be just another species of animal. This volume is a radical questioning of traditional belief systems in religious, political, and social dimensions. Here Osho encourages readers to ask questions that are immediate and existentially significant — not borrowed or intellectual questions, but questions with an existential significance. Born With a Question Mark in Your Heart promotes personal transformation through experience and spirituality without organized religion. The enclosed DVD gives a direct experience of a contemporary mystic at work with his audience.
