

El Benefactor (Spanish Edition)

El benefactor, primer libro y primera novela de Susan Sontag, publicado en 1963, presento al mundo a una escritora unica. Con la estructura de unas memorias firmadas por Hippolyte, un Candide de nuestros días, El benefactor nos conduce a traves de un Grand Tour psicologico en el que los sueños de su protagonista, violentamente imaginativos, se convierten en algo indistinguible de sus experiencias, sorprendentes, en el mundo real. La novela de Susan Sontag no solo nos ofrece un retrato amargo de cierto tipo de demi-monde bohemio que florecio en Francia hasta no hace mucho, sino que es, principalmente, una novela de ideas como ninguna otra: divertida, acrobatica, perturbadora y profunda.
