

## Unchained Spell: Elloras Cave

Kill the wizard or her sister Emily dies She might be chock-full of magic, but witch Skye Logan isnt a killer. Handed a non-negotiable choice like that, though, she has no option. What makes it harder is that one look at sexy, too gorgeous for his own good Rane Richards has Skye swallowing her tongue and stuttering. And she never stutters. The attraction works both ways, and it isnt long before Skye is seeing a sensual side to the handsome wizard most women would kill for. Sex is all Skye needs for the spell to slowly steal Ranes magicand his life. As Rane hovers minutes away from death, Skye makes a decision for them both that will have far-reaching effects for witches and wizards alike. As their attraction reaches boiling point, Rane and Skye begin to connect in a lot more ways than the physical, and find themselves torn by what they areand the love they cannot have.
