Jul Whitney's mother, Celeste, has known Annabelle Erickson for many years, and it is high time she pays her a visit. Celeste has just arrived at the Ericksons when she receives a disturbing phone call from Jul?hes been shot. Annabelle insists that Jul recover in their home. She has granddaughters in the medical field that can take care of him better than any hospital... Jul loves the Erickson home and is given Emeralds old bedroom to recuperate in. However, there is something about the Erickson family that's odd...everyone is friendly enough, but they're speaking to him very cryptic like he should know something about them, but not. And when Jade tells him that the large wolf playing in the yard by the edge of the woods is part human he doesn't believe her. He's thinking at this point he'd be better off finding a nice hotel room to recuperate in?like now. He rounds the corner and is hit so hard in the chest that he finds himself soaking wet in the middle of the pool with the most beautiful?and quite angry?woman that he's ever seen.... Emerald Erickson didn't see that coming. The man, human no less, just steps right out in front of her. She hits him so hard that they're both in the middle of the pool. Now all the fools doing is staring at her breasts with a sappy grin on his face. When she looks down she sees that the wet fabric hides nothing. Pissed off only touches the surface of the feelings raging through her body?he is her mate. Emerald has been avoiding spending time at her sister's house because they're all happily mated and she feels like she's intruding into their happiness. And she had given up finding a mate a long time ago because she only attracts the bad sorts?men who love to intimate women with their fists. Would this man be any different? She doesn't want to stick around long enough to find out....
