

## Englands Mistress: Unabridged

Elizabeth Tudor has survived uncertainty and danger to ascend the throne. Now Europe waits to see whom she will choose as her husband from her many suitors. Only Elizabeth herself knows that she is wedded to England - an England under threat from Spain. But, most of all, the country is menaced by a queen from across the border who regards the Tudor throne as rightfully hers. The stage is being set for a duel to the death between Elizabeth and the Queen of Scots.
