

Reviving the Pack (Shifter Menage Erotic Romance)

Warning: After reading do not attempt to turn the man in your life into a hot, alpha wolf so that he can fuck you hard, however tempting that may be... The discovery of a lost tribe of shifters seems like the stuff of fantasy, but when the team of Dr. Abigail Stark stumble upon them, they learn just how real those alpha wolves are. Soon her entire team have been turned and sent on a mission: Restore the proud shifter race by any means necessary. And the best way to do that is by taking a strong, hot, man and turning him into an even hotter alpha wolf with one thing on his mind. Fuck Abigail and the others in her group hard, fast, and definitely without protection. Because the best way to bring back the wolves is to spread the shifter seed as widely as possible...
