

## Fahrenheit 451 (Spanish Edition)

Guy Montag es un bombero y el trabajo de un bombero es quemar libros, que están prohibidos porque son causa de discordia y sufrimiento. El Sabueso Mecánico del Departamento de Incendios, armado con una letal inyección hipodérmica, escoltado por helicópteros, está preparado para rastrear a los disidentes que aún conservan y leen libros. Como 1984, de George Orwell, como Un mundo feliz, de Aldous Huxley, Fahrenheit 451 describe una civilización occidental esclavizada por los medios, los tranquilizantes y el conformismo. La visión de Bradbury es asombrosamente profética: pantallas de televisión que ocupan paredes y exhiben folletines interactivos; avenidas donde los coches corren a 150 kilómetros por hora persiguiendo a peatones; una población que no escucha otra cosa que una insípida corriente de música y noticias transmitidas por unos diminutos auriculares insertados en las orejas. Fahrenheit 451 es el más convincente de todos los infiernos conformistas. Kingsley Amis
