

2014 Fantasy Baseball Draft Guide by TheFantasyFix.com

The 2014 version of the Fantasy Baseball Draft Guide features more than 100,000,000 words of fantasy baseball advice spanning 100+ pages. Okay, the amount of words may be embellished a bit, but the guide is indeed 100+ pages in length. There are more than 20 advice articles on topics such as: the off season free agent and trade primer, preparing for your auction, starting pitching values, AL-Only targets, NL-Only targets, dynasty targets, mixed league sleepers, mixed league busts, daily fantasy baseball tips & strategies, starting pitchers values, advanced statistics and more. Additionally you will find a 15-team mock draft with some of the most respected fantasy analysts in the industry, complete rankings and auction values for close to 350 players, the ultimate Twitter guide for #fantasybaseball, tutorials on how to use your favorite websites to get a leg up on your opponents and team profiles for each MLB team. The 2014 Fantasy Baseball Draft Guide also includes excerpts from Jonathan Bales book Fantasy Football (and Baseball) For Smart People. Additionally, the guide features an excerpt of Larry Schechters best-selling novel Winning Fantasy Baseball regarding your auction draft strategies. Paul Sporer, author of the SP Guide, contributes an article on starting pitchers with value in your fantasy baseball drafts. Our 15-team Expert Mock Draft includes Tim Heaney (KFFL), Eno Sarris (FanGraphs), Derek Van Riper (RotoWire), Mike Stein (Fantasy Alarm), Paul Sporer (Baseball Prospectus), Derek Carty (DFSEdge), Ben Pritchett (Fantasy Insiders), Ray Guilfoyle (Fake Teams), Drew Silva (RotoWorld), Alan Harrison (TheFantasyFix.com), Nick Raducanu (FantasyTrade411), Dalton Del Don (Yahoo), Steve Gardner (USA Today), Jake Ciely (RotoExperts) and Brett Talley (TheFantasyFix.com). If you download our book here on Amazon, please be sure
